Dear Neil

Further to our recent telephone conversation
re a testimonial regarding the hire of the London Bus
sorry for the delay in replying I have had my son and
his children staying with us for over a week and I have
not been able to contact the people who were my
representatives on the hire however I hope the following
helps.

On Saturday June the 9th I organised a
Riverboat Shuffle on the Tyne, and was looking for
transport for a large proportion of the passengers and
was recommended by another Bus Company to hire
your Double Decker that could carry 78 passengers.

This I duly hired, and found it really set
a great mood of excitement for the night and the
passengers all said it was a wonderful and
nostalgic journey, complete with uniformed

driver and conductor who could not have been more helpful.

The instructions for the line were completely adhered to, and punctuality excellent with courtesy and extra dropping off points inserted to help the elderly passengers on the return journey.

Finally may I say the Bus was in pristine condition considering its age, and very clean.

Thank you Neil.

Yours Sincerely
Mark Holaid
